

SCIENCE | BUSINESS[®] NETWORK

JOIN EUROPE'S LEADING INNOVATION NETWORK

We provide decision makers in the worlds of industry, research and policy with new strategies, ideas and contacts to succeed.

Who we are

Science|Business is a networking organisation founded in 2004 to air new policies and promote partnerships in science and technology. Today, we are the leading communications service, and a strategic meeting point in Brussels, for discussion of all aspects of research and innovation (R&I) policy in Europe and beyond.

Our unique proposition

- ✓ Bring private and public sectors together, across borders and disciplines
- ✓ Connect the decision-makers: corporate CTOs, university rectors, top government officials
- ✓ Provide high-quality analysis, reports and journalism – fast and unbiased
- ✓ Deliver results: More R&I partnerships, stronger R&I policies, enhanced R&I dialogue

The Science|Business Network

Bringing together industry, research and policy

What we do

The Network connects leading universities, companies, and public-sector organisations which convene regularly to share intelligence and build partnerships. Through our events, special reports and communications channels, we give our members a unique voice in key debates about the future of R&I policy and practice.
